DAVIDSON'S FATE IN HANDS OF JURY

Bourbon Men Selected to Try Breathitt County Cases in Clark

From the special venire of one hundred men summoned in Bourbon county Monday was selected the jury to try "Red" Tom Davidson, in Clark County Circuit Court, charged with complicity in the murder of Ed. Callahan, of Breathitt County.

Judge Benton presiding at the trial held that the case had been discussed freely in Clark County where so many trials in connection with the Breathitt feud cases had been held, it would facilitate matters to summons a venire from an adjoining county.

The jury chosen from the Bourbon County delegation was as follows: B. F. Hopkins, N. H. Squires, N. H. Eckler, J. B. Smith, Grant Overby, J. S. Wilson, J. H. McCarty, Grant Denton, E. T. Rule, W. L. Brannock, R. W. Thompson and L. M. Stewart.

After the selection of the jury, the case was called and the statements made by the attorneys. Attorney Denis Dundon, of Paris, assisted the attorneys for the defense in selecting the jury.

The most important testimony in the trial was that of his daughter, Mrs. Wilson Callahan, who was on the witness stand late Wednesday.

Mrs. Callahan, who was a witness to the shooting, said she saw three men run from the hillside from where the shot that killed Callahan came. She said that she fired six shots at the men, and afterward followed them for some distance, claiming to have recognized two of them.

A. McMillan, with the following magistrates present: Ernest Martin, E. P. Thompson, R. H. Burris, J. J. Redmon, A. L. Stephenson, O. B. Lilloyd, J. N. Shropshire and R. O. Turner.

County Road Engineer C. F. Redmon submitted his report for the month of March, which was accepted by the Court and ordered of record.

An order was entered that an ad valorem tax on each \$100 worth of taxable property in the county for State purposes for the year 1914 be fixed as follows: Court house bonds and interest, 6 cents; Turnpikes and bridges, 25 cents; General purposes, 19 cents. School purposes, on all property subject to taxation outside the city of Paris and the Graded Common School District of Little Rock, 10 cents on each \$100 worth of property.

Accounts to the amount of about \$2,000 were allowed by the court and ordered paid. This included the salaries of the pauper physicians for the first half of the year.

County Treasurer S. E. Bedford was ordered to borrow the sum of \$5,000 for use in the General Fund from the Garth Fund, payable December 1, 1914, and bearing six per cent. interest. Squires Stephenson and Redmon were appointed a committee to purchase a road roller and engine and the same committee was appointed to purchase scales for use by the county. A number of other minor orders were entered, when court adjourned.

EVER NOTICE IT; THE INJURED DOG HOWLS?

Below appear several paragraphs copied from Wednesday's Lexington Leader. Lexington merchants want people to DEAL AT HOME. Paris shoppers should read these notes carefully. Lexington merchants don't want your trade. They believe in people buying at home. Spend your money in Paris, where it should be spent. Lexington merchants say for you to do so. They say you can get better bargains at home than elsewhere. Read what they say:

"Spend your money at home"—Lexington Leader.

"Help to build up Lexington, not Cincinnati."—Lexington Leader.

"Home merchants have the best goods and give the best prices—spend your money with them."—Lexington Leader.

"Attention has been called to a circular sent through the mails advertising the fact that a certain establishment located in another city will have on exhibition in Lexington during this week a display of goods that will come into direct competition with the business of some of the leading Lexington merchants who handle the same class of articles.

"It is greatly to be regretted that anyone in Lexington has assisted in making it possible for these people to come into town and compete with local trade, especially during 'Style Week,' which has been created and made a feature through the expenditure of time and means by our own merchants—in other words, that foreigners who spend no money here should be enabled to reap the rewards of home advertising.

"Lexington merchants are entitled to the patronage and good will of the home people. They live here, spend their money here, and contribute liberally to the support of the schools, hospitals, and all public enterprises calculated to advance and promote the commercial and social interests of the city.

"All things being anything like equal, the home merchant should always have the preference. That is all the Lexington merchant asks.

"The Leader has time and again refused advertisements from out-of-town establishments seeking to come to this town and do a cutthroat business by selling stuff by sample which may or may not come up to promise, and The Leader will continue to pursue this policy.

"Let us be fair. Let us do as we would be done by. Let us give our trade to those who trade with us. It is doubtful if any person has ever

CARPENTER HURT BY FALL THROUGH SKYLIGHT OPENING

Wm. White Suffers a Fractured Hip and Other Severe Injuries

REMOVED TO THE MASSIE HOSPITAL

Was Repairing Lyons Building When the Accident Occurred

William White, a carpenter, is confined in the Massie Memorial Hospital suffering from numerous injuries sustained yesterday morning when he fell through a skylight which he was repairing at the saloon of Albert Lyons, on Main street.

The accident occurred about eight o'clock yesterday morning. Mr. White was engaged in repairing this part of the building, and was walking across the opening on a plank which had been laid on the casing for that purpose. In some manner he lost his balance and fell to the floor below, a distance of about fifteen feet.

In his descent Mr. White attempted to grasp the casing, but his weight broke his hold, which resulted in one finger being almost torn from his hand.

Dr. William Kenney, who was passing, was called in and Dr. C. G. Daugherty was also summoned. The physicians ordered the removal of Mr. White to the Massie Hospital for treatment.

At the hospital an examination revealed a fracture of the left hip. This member had on another occasion been injured, leaving Mr. White a cripple. Aside from this he suffered a severe bruise on the side of his head, and was painfully hurt in several other places about the body.

The extent of his other injuries cannot be determined by his physicians at this time.

BECKHAM MAY SPEAK IN PARIS ON MAY COURT DAY

Friends and adherents of former Governor J. C. W. Beckham are making an effort to have him address the voters of Bourbon county in Paris the latter part of this month or on May court day, in the interest of his candidacy for the United States Senatorship.

Mr. Beckham, it is said, was considering the advisability of making an address in Paris earlier, but dates that had been arranged in advance for other counties conflicted with the arrangement that was under consideration here, and for the time being it was abandoned. Mr. Beckham stating that he would appear before a Bourbon audience later in the campaign.

However, it is considered by his friends here that May court day would be the proper time for him to address the voters of Bourbon, and with the view of arranging that date for the speaking. Mr. Beckham has been communicated with and it is expected the announcement of a definite date will be made within a short time.

Mr. Beckham will be in Carlisle tomorrow to speak to the voters of Nicholas county. It is said a royal welcome will be extended him and that everything points to a very enthusiastic meeting. A number from here will go to Carlisle to attend.

R. K. MCCARNEY ASSUMES CHARGE OF POSTOFFICE.

Mr. R. K. McCarney, recently appointed postmaster of Paris, and whose appointment was confirmed by the United States Senate, Wednesday assumed charge of the local postoffice.

Postoffice Inspector J. I. Grimes, of Lexington, was in Paris Monday and checked up Mr. N. A. Moore, the retiring postmaster. Mr. Moore is assisting Mr. McCarney for a few days familiarizing him with the work. No other changes are anticipated in the working force of the office at present.

saved much by dealing away from home.

"When the good women of Lexington want aid for their many social and charitable enterprises, they call on the Lexington merchants and their employees for aid and patronage.

"Can they not return this spirit of friendly co-operation by dealing with the local merchants? The foreign peddler wants nothing but your money. He cares nothing for your good-will. He is here today and gone tomorrow. If he beats you in a trade that is your misfortune. You have no 'come back.' Your home merchant must be honest, must be square, for he is here always."—Lexington Leader.
